

Lacey Parks & Recreation Department presents:

Formerly the Alternative Energy Fair, this REGIONAL event is slated for the first Saturday in May at Huntamer Park. S.T.E.M. stands for Science, Technology, Engineering, and Math and this year we are adding SKILLS to the mix! If your business supports STEM, this event is a wonderful opportunity for you to connect with and promote yourself to the community. Activities include:

- Robotics demonstrations by robots built by students
- Interactive LEGO activities
- Displays & Demonstrations from schools around Thurston County.
- Hands on activities for kids
- Businesses sharing how they use S.T.E.M.S.

Anticipated audience: 1000+
